## Why Support Hope for North Brevard

Every dollar raised goes directly into our community and HNB's mission to be "a catalyst for restoring hope and unity to youth, families and our community" through youth services, counseling services, and community development initiatives.

## Youth Services

Hope for North Brevard provides youth services to at-risk kids. Two main youth programs HNB helps provide are the Forge Youth Center and CHAMP Mentoring. The goal is to offer safe havens for kids who desperately need positive role models, character development a place to belong.

HNB also provides youth training, internships, resources, retreats, mission trips, etc. It provides leadership in collaborative initiatives among youth service agencies, local schools & churches. Investing in HNB means investing in our local youth, and the future of our community.

## Counseling Services

HNB provides low to no cost professional counseling to students, adults, and families in crisis. Every week HNB offers counseling to hurting youth, broken families, and struggling adults. In addition, HNB offers job training and placement for people with special needs. All of us face struggles and need people in our lives to help point us to hope, restoration and new life. HNB believes everyone should receive assistance, regardless of their circumstances or financial situation.

## Community Development

HNB is committed to solving community-wide issues by providing leadership, time, resources, and volunteers. Change requires collaboration and partnerships between the faith community, civic organizations and local government. It takes focused effort which HNB helps foster through programs such as 40 Days of Generosity, Project EAT, Back to School Bash, North Brevard Coalition of Human Services, North Brevard Youth Coalition, The Church is One, & more.
